10 Guidelines for the conduct of the assessment of competence

CONTENT OF THE ASSESSMENT OF COMPETENCE

- (a) (see sections 1 to 6)
- (b) Section 1, the oral theoretical knowledge examination part of the assessment of competence, is for all instructors and is subdivided into two parts:
 - (1) The applicant is required to give a lecture under test conditions to other 'student(s)', one of whom will be the examiner. The test lecture is to be selected from items of section 1. The amount of time for preparation of the test lecture is agreed upon beforehand with the examiner. Appropriate literature may be used by the applicant. The test lecture should not exceed 45 minutes;
 - (2) The applicant is tested orally by an examiner for knowledge of items of section 1 and the 'core instructor competencies: teaching and learning' content given in the instructor courses.
- (c) Sections 2, 3 and 6 are for all instructors. These sections comprise exercises to demonstrate the ability to be an instructor (for example instructor demonstration exercises) chosen by the examiner from the flight syllabus of the instructor training courses. The applicant is required to demonstrate instructor abilities, including briefing, flight instruction and de-briefing.
- (d) Section 4 comprises additional instructor demonstration exercises for an instructor for ME aircraft. This section, if applicable, is done in an ME aircraft, or an FFS or FNPT II simulating an ME aircraft. This section is completed in addition to sections 2, 3 and 6.
- (e) Section 5 comprises additional exercises for instructors with privileges for IR instruction. This section, if applicable, is done in an aircraft or FFS or FNPT II under instrument flight conditions. This section is completed in addition to sections 2, 3 and 6.
